

***Ellie Nieves, Inspirational and Leadership Speaker***

Fresh out of law school, Ellie Nieves cut her teeth in the high stakes game of New York City politics. Often the youngest, and many times the only woman, sitting at the table, she earned a reputation as a much sought-after strategist. Through her unrelenting work ethic and natural leadership ability, she was recruited for campaign leadership roles such as New York State Political Director and Campaign Manager for national and city-wide campaigns.

Ellie eventually transitioned into the private sector and became an award-winning attorney for the Government Relations department at MetLife; later working as Chief of Staff to the President of MetLife International. She went on to do a short stint in the entertainment industry as Chief of Staff to Sean "Diddy" Combs.

Today, Ellie is a Speaker, a Writer and a Leadership Coach. She is also the Founder and President of ***Leadership Strategies for Women™, LLC***. As a Speaker, Ellie shares the benefit of her experience and insight through her ***Leadership Strategies for Women™***. She approaches leadership from a holistic perspective. It's not just about getting promoted at work; it's about succeeding in your personal life, your relationships *and* your career. It takes leadership to develop your vision of success and to invest the time, energy and resources to make that vision a reality.

Ellie holds a Bachelor's degree in Communications from Fordham University and a Juris Doctorate from Pace University School of Law. In her spare time, she enjoys traveling, keeping up with current events, and dancing Salsa with her husband.
